June 10, 2011

Dear Parents:

In response to your feedback and in conjunction with the PTA, we are pleased to announce that we will begin offering an after school care program at the start of the September 2011 school year. We have entered into an agreement with Right At School ([www.rightatschool.com](http://www.rightatschool.com)) to provide programming from 2:45pm-6:00pm every school day. You may pre-register using the attached form. Enrollment is available for up to 5 days per week. Also, if we have enough interest, they may also provide a morning program from 7am-9am.

Please note this does not replace or prevent your child from participating in our own after school classes that are scheduled to begin later in September, 2011; which will be a combination of CPS sponsored classes (pending funding), fee based classes taught by Sauganash School teachers and classes provided by outside vendors. More information related to these classes is forthcoming.

Please review the attached information and direct any questions to Right At School (1-855-287-2466) or to Marcia Shapiro at [msshapiro@aol.com](mailto:msshapiro@aol.com).

Thank you,  
Mrs. Munns & Ms. Raich
